How long have you known the child? _____

How does the disability affect the functional abilities of the child?

Tell us about the child? Do you think they would benefit from the use of a service dog? Do you think they have the ability to handle the dog? If not, do the parents? Caring for a dog is a lot of work. Do you feel the child and/or parents have the ability to care for the dog? If not, do they have a support system in place that would be available on a daily-weekly basis to assist in the care of the dog?

If the child/family have pets or if you have observed the child with other animals, how did they interact? If they have pets, are they well cared for? Do they live inside or outside?
